Welcome to the **KOUPAL'S ANGUS BULL SALE!**

What a year it's been, from the lack of moisture this summer to these record-breaking market prices, times like these are why we raise the type of cattle that we do. We focus our herds on self-sufficient, moderate framed, easy calving genetics. All these bulls carry these traits through their mothers, which we believe is the most important contributing factor. As you walk through these bulls and flip through the catalog, you'll see this maternal influence firsthand.

We take great pride in our bulls not being in a feedlot and waiting for their next meal, all of our bulls are turned out on pasture and getting exercise. This not only helps them develop structurally but also ensures that they are ready to cover country and find cows when they are turned out in the spring. We don't chase extreme EPDs or the latest trend, but rather focus on consistency and longevity, which ultimately puts money back in your pocket.

This set of bulls is designed to put more pounds on at weaning and produce quality replacement females to keep back in your herd.

If this fits your program, come on out and take a look! Give Dave, LaVern or Ryan a call if you have any questions or would like to stop by before the sale.

Thank you and God bless!

LIABILITY

All buyers attending the bull sale do so at their own risk. Koupal's Angus and Koupal EY Angus assumes no liability for accidents or property loss that may occur.

TERMS & CONDITIONS

Cattle will sell under the suggested Terms and Conditions of the American Angus Association.

ANNOUNCEMENTS

-Any announcements from the auction block regarding the cattle selling in this sale will take precedence over information printed in this book.

PERFORMANCE DATA

Current EPD's are available on each lot in addition to birth weight and 205-day weight.

RETAINED INTEREST

Koupal's EY Angus & Koupal's Angus is retaining a one-third revenue sharing semen interest in every bull selling in this sale unless stated otherwise on sale day. Full possession and full salvage sells on all bulls unless indicated from the block on sale day.

DELIVERY & EXTENDED CARE

Free delivery on any bulls selling for \$3,000 or more with 300-mile radius, after 300 miles at cost. When delivering bulls, we may deliver to a central location spot, such as vet clinics, sale barns, or ranch that has agreed to be drop off point. We ask in advance for your cooperation.

INSURANCE

An insurance representative will be available to answer any questions you may have on mortality and breeding injury insurance. We highly suggest purchasing insurance for your bull.

HOSPITALITY

A complimentary lunch will be served at 12pm.

GUARANTEE

We guarantee all bulls to be sound and fertile, but reserve the right to test any animal that is returned to the farm as a non-breeder for 90 days before making an adjustment. All bulls selling for \$3,000 or more will be covered at 50% minus \$2,000 for yearlings and \$2500 for twos (salvage price at sale) if they have a breeding injury during their first breeding season. In the event of an adjustment, a replacement of equal value or credit on the purchase of another animal will be made. Breeding season is defined as the 90-day period following the first turnout of the bull. Please notify us as soon as possible if an injury does occur and prior to the injured bull being sold. All bulls need to be diagnosed by a veterinarian and claims made before September 1st. This is not an insurance policy nor does it cover neglect or mismanagement. Credit will not be given on bulls that are purchased on credit.

Our Mission

- To enrich on the Traits that Made Angus Cattle No. 1.
- To offer our customers progressive genetic traits
- To offer fertility, calving ease, maternal, and easy fleshing
- To realize that our future and success depends on a Satisfied Customer

Trying to raise functional and profitable cattle are hard to measure and complicated to explain. The endless numbers available still do not replace the day ito day hands on experience within our own cowherd. Knowing our individual cow herd coupled with over 50 years of Angus Herd Improvement Records (AHIR), we feel we can help with the bull selection process. By drawing from the personal understanding of our herd, one can be confident that we are able to help find the bull best suited for your program.

Any success we have comes down to the people we surround ourselves with.
